# 1 Introduction

## 1.1 Underwriting Philosophy

All loans must be prudently underwritten utilizing the program guidelines and industry standard best practices. All loans must be manually underwritten and fully documented. All loans submitted to the NMSI for purchase and sale must conform to the Underwriting Guidelines.

For scenarios not specifically addressed in the following Underwriting Guidelines, please utilize the most recent Fannie Mae or Freddie Mac Selling Guide for assistance.

## 1.2 Fair Lending and Fair Credit Reporting Act (FCRA) Notices

Federal law prohibits discrimination in connection with the origination of 1-4 family mortgage loans. The Equal Credit Opportunity Act prohibits creditors from discriminating against credit applicants on the basis of race, color, religion, national origin, sex, marital status, age, because an applicant receives income from a public assistance program, or because an applicant has in good faith exercised any right under the Consumer Credit Protection Act.

Also, the Fair Housing Act prohibits discrimination in the sale, rental, and financing of dwellings, and in other housing-related transactions, based on race, color, national origin, religion, sex, familial status (including children under the age of 18 living with parents or legal custodians, pregnant women, and people securing custody of children under the age of 18), and disability.

It is the responsibility of all buyers and sellers to ensure that they adhere to these laws and their underlying principles in connection with mortgage loans purchased and sold over the NMSI.

- Payments related to a 401(K) loan do not need to be included in total debt obligation.

- Child support payments with 10 months or less remaining do not need to be included in total debt obligation.

### 13.3 Revolving Debt

- All revolving debt is included for qualifying regardless of number of payments remaining.
- The monthly payment amount of a revolving account shown on the credit report may be used for qualifying.
- If the monthly payment amount of a revolving account is not shown on the credit report a payment of five percent (5%) of the balance may be used for qualifying.
- The payment may only be excluded if the account is documented as paid in full and closed.

### 13.4 Home Equity Line of Credit (HELOC)

For HELOC loans paid off at closing the line must be closed to any future draws. Requirement on title commitment for payoff and cancellation of HELOC is acceptable to document.

  - A current residential appraisal (no more than 6 months old from application date)
  - An Exterior Only appraisal (2055).
  - An automated valuation model (AVM) listing the prior sales price minus outstanding liens as evidenced by a mortgage statement. The AVM may not be used as a current valuation to determine the borrower's equity percentage.
- A 25% expense /vacancy deduction must be applied to all rental income. Copies of the signed lease are required.

The property site should be of a size, shape, and topography that is generally conforming and acceptable in the market area. It must also have competitive utilities, street improvements, adequate vehicular access, and other amenities. Because amenities, easements, and encroachments may either detract from or enhance the marketability of a site, the appraiser must reflect them in his or her analysis and evaluation. The appraiser must comment if the site has adverse conditions or if there is market resistance to a property because the site is not compatible with the neighborhood or the requirements of the competitive market, and assess the effect, if any, on the value and marketability of the property.

- The seller must order an appraisal desk review product for each loan from a vendor listed on the Approved Appraisal Desk Review Vendors.
- A copy of the appraisal desk review report should be submitted in the loan file. The review must not be over 120 days old from the date of the Note.
- If the desk review produces a value in excess of a 10% negative variance to the appraised value, the loan is not eligible for purchase; provided, the seller has the option to then ask the NMSI to order a Field Review to support the appraised value. If the field review also produces a value in excess of a 10% negative variance to the appraised value, then the loan will remain ineligible for purchase.
- All appraisals are reviewed for eligibility as well as value support. However, the use of an appraisal review product does not relieve the seller of its representations and warranties relating to the property and the appraisal including the underwriting thereof.

## 14.7 Properties Located in a Disaster Area

For properties located in a FEMA declared disaster area a re-inspection is required to be performed by the original appraiser. A written certification is required from the appraiser to confirm that the property value has not been impacted by the disaster.
