- **Improved Pricing** stronger options to close more loans profitably.

A high-angle, nighttime photograph of a multi-lane highway. The road is filled with cars in a traffic jam, with their headlights and taillights glowing. In the center of the image, a red sports car is driving away from the viewer in the fast lane, which is highlighted by a bright, multi-colored light streak. The surrounding lanes are filled with various cars, mostly sedans and SUVs, all appearing to be stuck in traffic.
